

DIRECTIONS FROM VALENCIA AIRPORT

Follow signs to Castellon/Barcelona exiting from the airport.

Continue to follow signs for Castellon/Barcelona and join the A7 / AP7 (motorway) after a couple of kms.

Stay on the A7/AP7 following signs for Castellon /Barcelona.....after approx 30 kms the N340 splits off from the motorway which is also signed Castellon/Barcelona, do not get confused and take the N340 at this early stage stay on the A7/AP7.

Shortly after you come to the Toll ticket booths collect a ticket and drive on.

Now drive around a further 110 km to junction 44 where you exit signed Alcossebre, to the toll station and pay €7.50.

Go through toll booth to the 'T' junction with the N340 and turn left signed Alcossebre (watch yourself here this is a very fast road with large lorries travelling deceptively quickly, and remember that they are on the 'wrong' side of the road).

Follow road on past the Olympic Bar (large truck stop) past the first exit signed Cap y Corb to the second exit on right signed Alcossebre (sharp exit bend) and join the CV142.

Now follow this on for approximately 1-1.5 km past 'Centro Commercial Alcoceber' to a round-about with the Hostel Tossalet on the right. Take the second exit which is signed Las Fuentes (the first is signed to Alcossebre and will take you into the village – do not take this road!!).

Follow road for approximately 2 km. You will see a road sign warning of Sonoras Banderas (sleeping policemen) go over two of these.

Now look for the sign on the left for Hostel Mavi, just after this there are a line of lamp posts on the left, at the sixth lamp post you will see a small sign on the right hand side of the road signing to Urbanization Las Haciendas, there is another sign to Urbanization Santa Lucia below it.

Turn left into Cami del Montull (this is a narrow entry into a not very wide lane so be a bit careful) after about 150 metres the road bends sharply right and then left after a further 70 metres, carry on up the rise into Urbanization Las Haciendas until you see the first apartment block and turn in (left) into the small car park behind it. Our car space is numbered 1203. This is also the number of our apartment which is situated on the second floor accessed via the steps at the rear of the apartment block.
